

EC GROW

ICE MELT

A PARTNER YOU CAN DEPEND ON

Light up driveways and walkways with the full power of LASER commercial strength ice melt. When applied, this blend of high-performance deicing products cut through snow and ice producing a quick brine amplified by our STRIKE enhancer.

- **Bold purple color to show treated area**
- **Long lasting - Resists refreeze**
- **Low-dust formula**
- **Melts to -12°F**

Introducing

STRIKE
Ice Melt Energizer

EC Grow is committed to providing quality products that outperform the competition. Our next generation ice melt brining enhancer is a sustainable, organic-based additive which provides quick deicing performance and long-lasting results.
